PSLE Intensive Revision

Learning is like peeling an onion; each time we revisit an idea, we gain an added perspective and a deeper understanding of the idea. To give your child ample time to revisit his/her learning, join us in this revision programme

Topic Coverage:

- Whole numbers & Decimals
- Fractions, Percentage & Ratio
- Area, Perimeter & Volume
- Rate & Speed

Suitable for: Primary 6 students who will be writing the PSLE Maths Exam this October
The emphasis of this course will be on 3-5 mark questions which past PSLE students have encountered difficulties in solving.

General Maths Proficiency Test

This 1 h 45 min MCQ test is specially designed for learners who are curious in discovering more about their mathematical inclination and the level of development of their thinking skills. By providing feedback on the learner's proficiency in different skill areas inclusive of mathematical skills, thinking skills, and adaptability to handling non-routine tasks, this test helps learners make informed choice when planning their learning activities. Primary 3 pupils and 4 pupils will write the same test. There will be another test for the Primary 5 and 6 pupils.

Syllabus Evaluation Test(P5/P6)

This 2 h 30 min evaluation, which follows the same format as the latest PSLE Maths exam, measures the learner's mastery of the content knowledge and skills detailed in the school maths syllabus. A short discussion will be included to better understand the learner's thinking processes and misconceptions, if any. Includes a detailed report that highlights your child's strengths and weaknesses. With a better understanding of your child's misconceptions, and the topics and skills that need attention, you can help your child plan his/her revision more effectively. Only available for Primary 5 and Primary 6 pupils.
